

SUPPORTED INTERNSHIPS AT AMAZON

A transition-to-work education programme for young people with an Education, Health and Care Plan.

What is Project SEARCH?

Project SEARCH is a one-year supported internship programme for students with Educational Health Care Plans (EHCP).

Students complete their internship in a real workplace with the support of a job coach and department mentor. Interns also attend daily classroom sessions that focus on employability and independent living skills. These sessions are delivered on-site at Amazon - Wynyard.

The programme helps young people to successfully transition into adult life and work towards full-time, paid employment.

A typical day includes:

9:00 to 10:30: Classroom learning focused on employability skills.

11:00 to 14:30: Interns go to work in their placements, supported by a job coach.

15:00 to 16:00: classroom time to reflect on the day's activities.
